

## **FREE PET CARE CLINIC**

*FOR PETS OF PEOPLE EXPERIENCING,  
OR AT RISK OF, HOMELESSNESS*

**ATTN: The Street Dog Coalition is looking for indoor or outdoor space to hold vaccine clinics in Chesapeake, Norfolk, Portsmouth, and Virginia Beach. These clinics will be held year-round**

Please call Shoshana Mostoller at 757-255-8333 or email at [shoshana@chesapeakehumane.org](mailto:shoshana@chesapeakehumane.org) with any questions or if you know of a suitable location.

### **Ideal Locations:**

- Are easily accessible to people experiencing homelessness
- Indoor space is preferable for inclement weather, but a large amount of space is not necessary. A room for registration and a small space for exams is sufficient
- In the Fall and Spring, we can use outdoor space, such as a park

**Services Provided: Physical exams, vaccinations, flea/tick prevention, spay/neuter vouchers, pet supplies, and more.**

### **In Collaboration With:**

**The Chesapeake Humane Society**
