

Greater Virginia Peninsula Homelessness Consortium
2024 Continuum of Care
FINAL RANKING ORDER

On July 31, 2024, HUD released the Notice of Funding Opportunity (NOFO) for the Continuum of Care (CoC) Program, including the announcement of \$3.5 billion in funding available for FY 2024 CoC Program Competition. HUD requires the CoC to clearly indicate which projects are prioritized for funding utilizing a two-tiered ranking process, except for CoC Planning and UFA costs, with the understanding that projects ranked in the second tier are at risk of not being funded.

The FY2024 Appropriation impacted funding available for CoC Program priorities in the FY2024 NOFA and Competition

- CoCs will have to rank all projects applications in utilizing a two-tiered process, with each tier representing financial thresholds

HUD has established financial thresholds within which CoCs must place projects:

- Tier 1 = 90% of the CoC's Annual Renewal Demand (ARD)
 - Ranking begins with 1
 - Ranking continues through the number of projects it takes to meet this financial threshold
- Tier 2 = The CoC's ARD minus Tier 1, plus the Permanent Housing Bonus
 - Ranking begins with the number after the last number in Tier 1
 - Ranking continues through the number of projects it takes to meet this financial threshold

CoC's Approved Annual Renewal Demand	\$ 2,090,743
CoC's Approved Preliminary Pro Rata Need	\$ 2,377,164
CoC's Approved Planning Amount (Not ranked)	\$ 118,858
CoC's Approved Permanent Housing Bonus	\$ 285,260
CoC's Approved Domestic Violence Bonus	\$ 356,757
Tier 1 Threshold	\$ 1,881,669
Tier 2 Threshold	\$ 494,334
Total CoC Threshold (Renewal + PH Bonus)	\$ 2,376,003

The CoC local competition deadline for renewal scorecards was July 3, 2024, by 5:00 PM. The GVPHC Leadership Team convened on July 11, 2024, to assess the performance of each renewal project and determine the preliminary FY2024 GVPHC Renewal Project Ranking Order for the Continuum of Care NOFO. The GVPHC performance scorecard was completed for all Renewal Projects and presented during the CoC peer review process. The CoC worked to assign each project with a conditional status (either with condition or without condition) and a CoC Score.

The Leadership Team convened on September 13, 2024, to review the new and renewal project applications to assess the eligibility and effectiveness of the programs. The Leadership Team set the final ranking order using a scoring tool and following the Ranking Principles adopted by the GVPHC. The GVPHC did not reject or reduce any projects during the FY2024 Competition.

Following the CoC approved Ranking Principles as outlined in the GVPHC Review, Ranking, & Reallocation Policy, the FY2024 GVPHC Project Ranking Order was established based on the following principles:

- A. Renewal projects determined to be Eligible without Conditions will be ranked as the top projects from highest scoring to lowest scoring.
- B. Renewal projects determined to be Eligible with Conditions will follow renewal projects Eligible without Conditions from highest scoring to lowest scoring.
- C. New project(s) created through reallocation will maintain the ranking order of the previously funded project
- D. New project(s) will follow renewal projects in the order determined by the Ranking Committee (if multiple new projects exist).
 1. The lowest ranked new project will be ineligible.
 2. New projects determined to be ineligible will not be ranked on the final CoC Consolidated Application or submitted to HUD for funding.

This announcement shall serve as notification of approval for the projects listed below to apply for funding under the FY2024 GVPHC Continuum of Care Program Application.
