2A. Project Detail

1. **CoC Number and Name:** VA-507 - Portsmouth CoC
2. **Collaborative Applicant Name:** Portsmouth Department of Social Services
3. **Project Name:** FY2023 PHAC Planning Project
4. **Component Type:** CoC Planning Project Application

2B. Project Description

1. Provide a description that addresses the entire scope of the proposed project and how the Collaborative Applicant will use grant funds to comply with 24 CFR 578.7:

CoC Planning funds are coordinated by the Collaborative Applicant, Portsmouth Department of Social Services (PDSS), which is the CoC Lead Agency for VA-507. PDSS is responsible for developing and coordinating the Continuum of Care and all required activities for the Portsmouth Homeless Action Consortium, which incorporates the City of Portsmouth.

Through sub-agreement with The Planning Council, the CoC Coordination team manages all CoC meetings, collaborative application development and submission, CoC-related events such as Point in Time Count, collaborating with the Executive Committee, and managing the Coordinated Entry System referral process. Additionally, the HMIS team coordinates all data-related projects, reports and training for HMIS.

The project scope includes:

1. Preparing and overseeing the process for all collaborative applications in conjunction with community individuals, local governments, and service organizations. The application process includes coordinating year-round data and activities such as Priority Setting and Strategic Planning, and completing and submitting the Point in Time Count, LSA, Housing Inventory, Grant Inventory Worksheet and System Performance Measures.
2. Submitting accurate, competitive CoC applications to both the U.S. Department of Housing and Urban Development and the Virginia Department of Housing and Community Development in a timely manner in order to receive approximately \$2 million in homeless assistance funds for the CoC. This includes ensuring an open and inclusive process for all eligible applicants for securing community funds.
3. Designing a collaborative process for the implementation of a Coordinated Assessment process that facilitates program participant intake, assessment, and provision of referrals for housing and support services. Policies and standards around eligibility, assessment, prioritization, managing grievances and access are approved by the CoC leadership and updated every two years, or on an as needed basis.
4. Facilitating ongoing evaluation and peer monitoring of projects for which federal, state, and local government funding is awarded for homeless services. This includes conducting an annual HMIS audit and on-site visit of agencies and programs, as well as developing objective tools in collaboration with service providers.
5. Facilitating activities to identify the prioritized needs within the homeless delivery system, including data collection and analysis.
6. Monitoring and reporting on implementation activities related to plans to end homelessness and other related community efforts.
7. Conducting system-wide analysis of the homeless population, housing, and support services, and demonstrating outcomes in reports and as part of the Virginia Data Integration project.
8. Monitoring and responding to changes to federal, state, and local programs and guidelines.
9. Participating in local, state, and national working committees and events as needed.
10. Collaborating with city officials to develop and implement the Consolidated Plan and related reporting.
11. Developing performance targets and reviewing project-level and CoC-wide data on a regular basis.
12. Ensuring program and data standards are updated and utilized for each type of housing and support service.

13. Ensuring and updating documents that provide structure for the CoC, such as the Bylaws, HMIS Governance Agreement, Policy and Procedures manuals and training curriculum for HMIS.

2. Describe the estimated schedule for the proposed activities, the management plan, and the method for assuring effective and timely completion of all work.

Portsmouth Department of Social Services was voted by the VA-507 membership to be the CoC Lead Agency as of July 1, 2019. All outlined actions are duties and responsibilities of Portsmouth Department of Social Services, who may assign the work through a consulting agency or through PHAC committee work. The Planning Council is currently engaged to work under contract to assist with coordination of the CoC process and manage HMIS System Administration. The Planning Council also serves as Lead Agency for VA-501 and via contract for VA-505, as well as HMIS Lead Agency for 4 CoCs. Thus, collaboration and work activities are already established and ongoing to implement CoC and HMIS requirements. Currently, some local and state government funds support the work of CoC coordination. HMIS Administration is funded with local funds along with license fees.

The CoC Team and Data Team members are supervised by the Program Managers for Coordination and HMIS/Data Systems, who are likewise supervised by the Senior Director of Planning and Program Development. All three ensure that activities are completed timely, accurately, and professionally. Reports to funding agencies on the performance of these positions and projects are completed by the CoC Team Program Managers and the Senior Director of Planning and Program Development. In addition, the performance of the CoC Team is monitored and reviewed by the members of the HMIS committee, the Executive Committee, and the Policy & Planning Committee.

Within subcommittees, regular meetings take place between the CoC partners to ensure all CoC and HMIS activities are completed and submitted in a timely manner. The CoC Program Managers develop timelines for grant development and submission that clearly demonstrate the responsibilities and deadlines of each agency and person. All business of the CoC is guided and approved by the Executive Committee. In addition, the Ranking Committee of non-funded CoC members approve the final ranking for submission of federal grants.

PHAC members utilize the calendar and information on their website at: <https://www.hamptonroadsendhomelessness.org/phac.html> to adhere to deadlines and planned activities.

3. How will the requested funds improve or maintain the CoC's ability to evaluate the outcome of CoC and ESG projects?

By supporting full-time, dedicated staff who coordinate and support the CoC activities, outcomes and data, the CoC Program Managers facilitate the ongoing review process of each project with a committee of federally funded and non-federally funded member agencies. Each agency presents progress on funded programs and discusses areas for improvement. The Performance Scorecard review tool is customized annually and run based on a standard year of APR data for all HUD projects and summarizes outcomes of approximately 20 indicators that evaluate each housing program. In addition, the APRs and HMIS data quality of each project is presented and reviewed on a monthly basis as a requirement under the CoC's Data Quality Plan. Custom reports that provide a CoC-wide analysis for certain outcomes are also developed in HMIS so that they can be used to guide priority setting discussions where service gaps are identified. PHAC also reports on additional indicators that demonstrate CoC progress towards achieving the vision of "Homelessness will be rare, brief and non-recurring". Additional data analysis, reporting and presentations are conducted due to the supported personnel dedicated to CoC work. The requested funds also ensure that the CoC Lead Agency, as liaison with HUD and various state and federal agencies, is knowledgeable about current best practices that offer system improvement and utilize CoC and CDBG funds to their fullest extent. The CoC Program Manager collaborates closely with governmental representatives to understand requirements for the CoC and offer feedback. By communicating the CDBG and CoC requirements to the members during regular meetings, all parties are aware of what is necessary to report for outcomes. The annual review of each project results in ranking/prioritization and the reallocation of funds and/or programs that do not meet performance targets set by the CoC members.
