

Suggested Script for beginning the interview for completing the VI-SPDAT

Hi,

My name is _____ and I am with _____.

I am going to be asking you some questions in order to determine how we are best able to assist you. It normally takes about 7 minutes to complete. The questions really only need a yes or no answer. I know it might be hard to answer some questions with a yes or no, but please do your best. You are able to skip or refuse to answer any question that I ask, but also understand that if you do, we might be limited in the assistance we can give you.

All of this information is confidential and treated as such. I have a release form for you to sign that will allow me to discuss your information with other people who can help me assist you.

If you do not understand a question, please let me know and I will do my best to explain it you.

Finally, I need you to answer the question honestly. There is no right or wrong answer—and there really is no answer that we are looking for here. We are just trying to get to know you and the best way we are able to help you.

Opening Script

Every assessor in your community regardless of organization completing the VI-SPDAT should use the same introductory script. In that script you should highlight the following information:

- the name of the assessor and their affiliation (organization that employs them, volunteer as part of a Point in Time Count, etc.)
- the purpose of the VI-SPDAT being completed
- that it usually takes less than 7 minutes to complete
- that only “Yes,” “No,” or one-word answers are being sought
- that any question can be skipped or refused
- where the information is going to be stored
- that if the participant does not understand a question that clarification can be provided
- the importance of relaying accurate information to the assessor and not feeling that there is a correct or preferred answer that they need to provide, nor information they need to conceal

TOTAL ASSESSMENT SCORE: _____

SUMMARY OF HOUSING BARRIERS AND RECOMMENDED HOUSING INTERVENTION:

10 or higher: Severe Barriers to Housing – Long-Term Rapid Rehousing with Progressive Engagement to Determine if Client needs Permanent Supportive Housing or Other Subsidized Housing Program

Household has significant barriers both in obtaining and maintaining housing due to criminal history and/or disability. Prospective landlords would deny this household but for the services provided by an agency for case management and significant financial assistance. The household likely has no income and no ability to increase income within the next 6 months such that they could maintain housing costs. If available and eligible, Permanent Supportive Housing may be appropriate or the highest available (18-24 month) rapid re-housing subsidy may be needed to gain housing stability.

6-9: Moderate/High Barriers to Housing – Medium to Long-Term Rapid Rehousing or Transitional Housing

Household has several barriers that would make securing housing without services and financial assistance incredibly difficult. Household likely has criminal history, bad credit and low-income and would need housing location services, landlord negotiation assistance, move-in costs and 6-12 months of financial assistance.

3-6: Minimal/Moderate Barriers to Housing – Short to Medium-Term Rapid Rehousing or Transitional Housing

Household has minor barriers that could require staff assistance with housing location services, could have slightly unfavorable history for a prospective landlord and likely needs the assistance of additional funds to get approved for housing (e.g. double deposit and 3-6 months of financial assistance)

0-3: No/Low barriers to housing - Move In Funds or Short-Term Rapid Rehousing

Household should be able to independently search for and be approved for housing with little to no staff assistance, but move in costs and/or utility barrier debt may be needed. Once housed, household has little to no service needs and can manage tenancy without intervention.
